PRELIMINARY AMENDMENT

Please amend the above-identified application as is set forth below prior to examination thereof.

IN THE CLAIMS

Amend claims 1, 10, 20 and 24 as follows:

SUBCI

(Amended) An image pickup system comprising:

an image pickup apparatus including an image sensor for photo-electrically converting a pickup-up object image into an electrical signal, a video signal generating part for forming a video signal from the electrical signal, a color space converting part for converting a color space of the video signal, and an interface part for externally transferring the video signal; and
